If Migrant Help and Asylum Central Communications Hub were not aware of the current situation, you can get an understanding of it from the previous emails. Although I am inclined to believe at least Migrant Help has been contacted.

From the parties involved in the whole situation which I refer to as the persecution, I ask to have my property back. If this does reach some staff of the organisation among the email address and you are not directly involved, I hope you can talk some sense into those who do. This is completely absurd and atrocious.

For Migrant Help and possibly Asylum Central Communications Hub, since the situation has already continued for almost 2 months, I am afraid I have to ask for temporary solutions such as receiving the replacement of the ASPEN card and returning to the supposed asylum accommodation I was previously staying at.

Please remember that I can only read and I can only be contacted via the internet (email) at the moment.

I apologise for the mixed messaging.

I can see you have emailed several different people and organisations.

Please could you reply solely to this email address and clarify what you are currently looking for, and I will then forward to the relevant person to assist you.

I note in the email chain below there is a mention of a PC Saggars being the investigating officer for an investigation you had reported.

I am afraid a clarification is needed about why you can't tell me here, why it wasn't told to me earlier, why it works like this, that the information is not provided to the victim, but the victim has to find out and what after finding out the officer in charge is.

As we can see from the previous occasions, my report at the BTP went to the Met, my several visits to the Met police station didn't give me information including the name of the officer in charge, and then you tell me to go to a local policing station to find out. All these look very strange to me and don't bode well.

This is not the first time the authorities have kept my belongings from me. I believe it's a basic human right to possess and use my belongings. I cannot accept my belongings being taken like this.

So this will go for another years like the other parts of persecution?

But the other parts are still going. How much longer do you want to torture me? How much more do you want to take away from my life?

Why was there no CCTV?

I have said that I am sending to whatever email address I could find. Complaining against yourselves is your hobby, I have nothing to do with it. So, what's this number in the title?

You are saying that you asked yourselves and then you answered yourselves? So?

there were no further lines of investigation and the report has been screened out as no CCTV and the time frame being too large for investigation to take place.

Why was there no CCTV? What is this time frame?

Non-sense aside, when will I be able to get my property back?

Dear Mr Chun,

Further to the below email, i have liaised with PC Saggars and he confirmed you were already spoken to on 12th September via email and it was explained the case had been closed for the following reasons - there were no further lines of investigation and the report has been screened out as no CCTV and the time frame being too large for investigation to take place.

I appreciate this may be frustrating for you and I apologise you are dissatisfied with the service you have received. From speaking to PC Saggars and reviewing the investigation, policy has been followed and your crime report will not be investigated further unless new information comes to light.

Thank you for bringing your concerns to our attention.
