I haven't received the document from marylebonelibrary@westminster.gov.uk.

If you did send it, please send it again and make sure that you send it from marylebonelibrary@westminster.gov.uk.

Regarding devices, I have replied to you a few times that my recent emails are asking for the document, not free devices.

I have heard free devices "along with" free data from a few places. I asked about it when I asked about free data 3 weeks ago. I didn't ask you again afterward.

I would like to repeat that I wouldn't have ask about free devices, not even free data if the authorities and foreign persecutors haven't stolen my belonging, and thus forcing me to live on the street and live on charities food, stripping me of all kinds of things of which my digital life is just one.

Please tell your authorities and via them their foreign persecutor friends to give me back my belongings.

Hello

Thank you for your E Mail to Marylebone Library. We can only generate the Terms and conditions you signed for when we set up an application for a new card. The one I gave you apparently is the same as the one on the application form.

Please note we CANNOT offer new devices.. We only offer the Sim Cards. You will need your own device. Where did you hear that The National Database will supply you with a Device?

You don't often get email from humannotoy@gmail.com. [Learn why this is important](#)

Caution: This email originated from outside of the organisation. Do not click links, open attachments or reply, unless you recognise the sender's email address and know the content is safe.

As a response to what you have just wrote after you came to me with a stack of paper, returned to the room, and came again.

My recent emails are asking for the document mentioned during the process you gave me the free SIM, not asking for a device.

Please reply via email. As you can see I need to type anyway.

By the way,

please also pass an message to your authorities and foreign persecutors:

What's the point of asking how I am recently when they are still treating me as an animal, a plaything, an object they own and can do whatever they like to, making things up, committing crimes to treat me as a sub-human like this with another email address?

For any human who don't know what I am talking about, please check github.com/c-cm/cnp and the link there. Or at least read the emails I sent to request for the document.

In very simple words, your authorities and foreign persecutors decided that with all the crimes they committed against me over the past years that hurt me permanently in multiple ways, they will double down, so that they can act like everything is my fault.

What they have you do is just a small example.
