What are you lying again? I showed the location and it's me who asked why no question was asked about the case and prompted for asking. Even then no questions was asked. My mentioning of the other case doesn't prevent anything.

You are right for one thing that it goes back and forth every time because you do it to cover up the crimes.

Good evening,

Unfortunately under DPA you can't have access to the CCTV for the 29/09/2025.

For the 09/09/2025 I have no idea if MPS did obtain the CCTV and you would have to speak to them.

I am aware that this is going back and forth now for a while and I am not getting involved into a back and forth now.

The email from PC McNaney was to inform you that the attempt theft, that you reported to police on the 29/09/2025, was no further action, as you did not indulge any details for it but instead wanted to speak about the theft from the 09/09/2025, which we, as British Transport Police, can't answer, as it was recorded on MPS system and investigated by them.

Kind regards

You don't often get email from humannotoy@gmail.com. [Learn why this is important](#)

I would like to have a copy of the footage of the incident.

And also the footage of the other incident.
