Hello Pers Camden,

We have an update for you on how your complaint is progressing with us. We've tried to contact you to discuss in more detail, but we were unable to reach you. We didn't want to delay things, so we've gone ahead and offered a proposed resolution.

Here's what you told us

You requested access to CCTV footage following an incident that took place on 22 January 2026 at the O2 Store, [229 Tottenham Court Road, London, W1T 7QG](#), at approximately 12.30 pm. This request relates to an occasion during which you were asked to leave the store. You have explained that you would like to understand the reason for this and to confirm whether the individual involved was a member of O2 staff.

We understand how upsetting and concerning this experience must have been for you, particularly being asked to leave the O2 store without a clear explanation. We apologise for any distress this incident may have caused. We recognise how important it is for you to understand what happened and to establish whether the individual involved was a member of O2 staff. Please be assured that your concerns are being taken seriously, and we are committed to reviewing the matter thoroughly in order to provide you with clarity and an appropriate response.

Here's what we found

As advised by our Subject Access Request Team, we will require the additional information they have requested in order to proceed with your request. At this stage, they are unable to verify your identity.

You have provided a description of your appearance as seen in the CCTV footage. However, our Subject Access Request Team has confirmed that we are unable to disclose the names, identities, or roles of any O2 staff members who may have been present at the time. This information constitutes third-party personal data, which we are legally not permitted to share.

This decision is based solely on data protection requirements, and not on any reluctance to be transparent. We remain committed to handling your request fairly and in accordance with applicable legislation.

Here's what we propose

If you wish to proceed with your request, you may visit one of our O2 shops. Our Subject Access Request Team has already provided you with the store's opening hours and will notify the shop in advance of your visit. We kindly ask that you review your email correspondence with the Subject Access Request Team before attending the store.

Alternatively, you may continue to progress your request by corresponding with the Subject Access Request Team via email. Please ensure that all required documents are ready to avoid any delays. Please note that your personal data will remain private and confidential in accordance with data protection requirements.

For clarity, please be aware that the O2 Complaints Team does not have access to in-store CCTV footage.
