There was a theft incident on 9 Sep, in which my property was stolen. I am inclined to believe that King's Cross Station is aware of it.

Unfortunately, there has been little progress with the police, despite more than three weeks having passed. It has been painful weeks for me, where I was left with no choice but to live on the street and survive on food from charities.

I have made the request for CCTV footage to the BTP. I would like to contact King's Cross Station as well to be safe.

The incident happened around 20:00-22:30 on 9 Sep. The location was just outside the station. The area is part of the square, I guess. I can show the staff in person if necessary, as I am still stranded in the area, which I believe the Station must have noticed. I have long, messy hair and am still in the same red jacket, just like when the incident happened. I fell asleep in the square and woke up to find my backpack gone. My black pack was black with white strings and signs on it.

My identity as the person whose backpack has been stolen can be confirmed by the staff with me showing up in person.

Whether the process goes smoothly or not, please make sure to find and secure the footage to prevent the loss of important information and evidence.

Another theft attempt happened at midnight of 29 Sep. The location was the corridor-like structure where the opposite side was GNH Bar & Terrace, if I am not mistaken. To be sure, I can show the staff the exact location in person.

Please try to reply promptly and ask everything that you need to know. While I can show up for identification and to show the exact location of the incident, it might not be easy for me and the staff to communicate, as I can only read.

Chun Mo Chu

(There should be some kind of ID that shows my name among my belongings.)
